

DEAN TRUST Rose Bridge

NEWSLETTER

In light of Covid restrictions being extended, we are moving some year group bubbles around inside school to give them the opportunity to experience practical based subjects for the remainder of the year. As of Monday, Yr9 will need to enter school at the Maths door entrance rather than the back yard gate as they will now be based on the Humanities corridor; Yr10 will continue to use the same gate as this half term but will now be timetabled into Science labs for their Science lessons as they have missed out on all their required practical skills this year due to the restrictions imposed on us.

A reminder that whilst the weather is hot, it is good practice for pupils to bring a bottle of water to school with them to keep them hydrated during the day. Pupils are still expected to come to school too with the same basic equipment – a full pencil case, calculator and reading book and pupils will be issued with a meeting after school with their form tutors if they do not bring these. We thank you for your support in upholding our standards and expectations.

Year 7-10 Revision

Monday 26th June sees the start of the assessment weeks for all students in Y7-10. Over the course of two weeks, students will complete assessments in lesson time. To aid with their revision for maths, targeted revision has been set on MathsWatch. Students should login to the website and attempt the assignments that have been set by their teachers.

Logins for all students take the form of:

Y7 - r25surnameinitial@rosebridge

Y8 - r24surnameinitial@rosebridge

Y9 - r23surnameinitial@rosebridge

Y10 - r22surnameinitial@rosebridge

For example, if John Smith in Y7 was logging in, their username would be r25smithj@rosebridge. The password is the same as the username..

Goodbye Year 11

Last week we said goodbye to our Year 11 students. As they make the transition from Dean Trust Rose Bridge to the next chapter in their life, we would like to take this opportunity to say well done to each and every one of you for how well you coped with the challenges that you faced over the last 15 months. These have been unprecedented times and to see you face up to them with a mature attitude and a determination to succeed was great. If you continue this approach to the challenges you will face in your next steps you will all have long and successful careers to look forward to.

Helen also starred in a 1919 silent movie about her life called 'Deliverance'.
